SUBJECT: In-House Coordination Meeting on the High Precision Stereo
Comparator Program

1. The second meeting of the in-house coordination group took place in the DED Conference Room at 1 PM on 22 July 1969. In attendance were:

[REDACTED]

2. The following information was exchanged:

a. [REDACTED] C&PS has contacted [REDACTED] and made arrangements to have two NPIC people attend a two week course in programming the [REDACTED] Computer [REDACTED] had an option to take this training and transfer the rights to NPIC. PHD has nominated [REDACTED] and AID has nominated [REDACTED]. The course is scheduled for 20-31 October [REDACTED]

b. Rough drafts of the first part (80%) of the Operator Training Manual have been received [REDACTED] Xerox copies have been provided: PHD, APSD, AID, ESD, and DED for review and comments.

c. [REDACTED] PHD has a rough draft of the first part of the Programming Manual. He is going to have xerox copies made and distributed to APSD, ESD and DED.

d. [REDACTED] has informed the technical representative that they cannot put together an intelligent Maintenance Proposal and Costing by the end of July. They have asked permission to submit this proposal the latter part of September.

e. [REDACTED] has requested that [REDACTED] hold off the acceptance test on the correlation system until 25 August; the tests were originally scheduled for July. This will not hurt our schedule but any further slippage [REDACTED] would reflect in the optical schedule slippage.

f. ESD is reviewing the Recommended Spare Parts List that was submitted [REDACTED] in June. A member of ESD may visit [REDACTED] in September with the technical monitor to get a better feel for spare parts and maintenance on this instrument.
